Last Updated Thursday, 09 April 2009

After a brief absence from the web, we have our new web presence in place! We apologize to all those who attempted to access the web site recently. We have switched providers, and in the process changed our entire format!

Some changes you will notice:

Some changes you will notice:

- We now have the capability of conducting Polls. You may see a poll being conducted; please contribute your opinion, since feedback is the only way we can improve!
- Since we are still adjusting our menus and layout to be easy to read and navigate, you may find the site changing from day to day.
- Music clips have been reinstated! In order to listen to a sampling of our music, just click on the Songs link.
- We will be bringing back our picture gallery, though the format of it will change as well. Unfortunately, no timeline as yet.
- In order to submit an inquiry as to our schedule of concerts, or joining us, please click on the "Contact Us" link and then select Albert Grottel . From there, just send an email using the form!
- We will be developing a FAQ section (Frequently Asked Questions), but in order to do this most effectively, we need you to tell us the questions you would like answered! Submit any questions you have via the "Contact Us" link, to Allan Reko.
- Within the "Contact Us" portion of the site is a roster of choir members and

their positions in the choir. Some allow you to send them an email from their profile; this will vary from profile to profile depending on the preference of the person. Any questions about the choir, please address to Albert Grottel, and any questions about the web site, please address to Allan Reko.

I will keep you updated as the progression of the website continues. We thank you for your patience, and look forward to singing for or with you!
